

Learner Enrichment Calendar

A calendar of enrichment activities and learner opportunities

Welcome to your Learner Enrichment Calendar!

Your Learner Enrichment Calendar is a personalised hub of curated links, events, and articles designed to support you as a learner, an individual, and a professional in your sector.

Within the calendar, you'll discover a wide range of carefully selected resources including networking opportunities, health and wellbeing themes, awareness days, and sector-relevant learning content.

Many of the articles and resources can support your Continuing Professional Development (CPD), and in some cases may also contribute towards your Off-the-Job Training (OTJT) hours.

There really is something here for everyone - helping you to stay informed, inspired, and connected throughout your learning journey.
